

minotaur mazes

COVID-19 Cleaning Recommendations

We know the health and safety of your guests, volunteers, and staff is your top priority. Sanitizing all surfaces, including the Minotaur Mazes traveling exhibit you are hosting, is critical to keeping everyone safe and healthy. With that in mind, we're sharing recommendations based on CDC and EPA guidelines, for effective sanitizing cleaners that are compatible with Minotaur Mazes exhibit materials.

In general, we recommend the following best practices:

- Add hand sanitizer stations at the Entrance/Exit of the Maze and in interactive rooms/areas as needed so guests can sanitize their hands before and after participating.
- Sanitize frequently touched surfaces multiple times throughout the day.
- Reduce the amount of touchables on the floor by dividing supplies into multiple batches. Rotate the batches during the day to sanitize frequently.
- Remove touchables that can't be sanitized regularly or effectively.
- Add extra signage throughout the building encouraging frequent hand washing and physical distancing.

The table below lists components, surface materials, and suggested cleaning protocol using EPA recommended sanitizing cleaners specific to the Dinosaur Revolution traveling exhibit.

Keep in mind when using recommended sanitizing cleaners

- Use for disinfecting surfaces only.
- Follow instructions on the product label for safe and effective use.
- Test a small area of the surface for compatibility before large-scale cleaning.
- Always use a clean, lint-free cloth, not paper products.
- These cleaners are much harsher on exhibit materials than is normally recommended. Please use these specific cleaners as a temporary measure until the subsidence of COVID-19.
- If in doubt on proper cleaning technique, follow CDC recommendations for cleaning different types of materials here: <https://www.cdc.gov/coronavirus/2019-ncov/community/disinfecting-building-facility.html>

Component	Material	Approved Cleaners**	Procedure	Frequency
Walls & Graphics	Vinyl	PURELL Surface Disinfectant Clorox Disinfecting Wipes Lysol Disinfecting Wipes	Spray or wipe down each wall	Periodically
Pipe	Metal (Aluminum)	PURELL Surface Disinfectant	Sanitize high touch areas, at corners and near the	Daily

		Clorox Disinfecting Wipes Lysol Disinfecting Wipes	entrance/exit	
Dino Basic Training	Metal, Acrylic	PURELL Surface Disinfectant	Sanitize and dry pushup bar thoroughly. Sanitize mirror and wipe dry with soft cloth.	Multiple times each day, more often with high visitation
Is it a Dino?	Hard plastic with vinyl	PURELL Surface Disinfectant Clorox Disinfecting Wipes Lysol Disinfecting Wipes	Sanitize sliders thoroughly. Sanitize main surface and wipe dry.	Multiple times each day, more often with high visitation
Make Tracks	Hard plastic, textile, Memory foam	Hard plastic: Clorox Disinfecting Wipes Lysol Disinfecting Wipes Soft surfaces: Lysol Disinfectant Sprays	Sanitize feet and hand grips using disinfectant wipes. Spray soft surfaces (foam) with disinfectant spray. Do not douse foam/cover.	Multiple times each day periodically
Monorail & Crash Pad	Metal, vinyl	PURELL Surface Disinfectant Clorox Disinfecting Wipes Lysol Disinfecting Wipes	Sanitize the hand mount thoroughly and wipe dry. Sanitize the crash pad at the end of the launch zone, as well as the pipe on either side of the entrance to the monorail.	Multiple times each day, more often with high visitation
Netting	Polyester	Lysol Disinfectant Spray	Spray inside and outside of netting with sanitizer, especially everything below 6 feet	Periodically
Create-a-Dino	Pieces: Sintra w/ vinyl & magnet Panel: metal with vinyl Wood bin	PURELL Surface Disinfectant Clorox Disinfecting Wipes Lysol Disinfecting Wipes	Divide pieces in 2 batches and leave one batch in the bin at a time. Rotate batches throughout the day to sanitize frequently. Sanitize panel & bin	Multiple times each day, more often with high visitation Once or twice daily, depending on traffic
Flip Doors Extinction Alley Jr. Paleo Quiz	Plastic with vinyl	PURELL Surface Disinfectant Clorox Disinfecting Wipes Lysol Disinfecting Wipes	Sanitize each door thoroughly, and wipe down answer panel under door	Multiple times each day, more often with high visitation
Climbing Wall	Handholds, Graphic with overlam Rubber Safety Floor	PURELL Surface Disinfectant Clorox Disinfecting Wipes Lysol Disinfecting Wipes	Detail clean each hand hold. Sanitize entire surface.	Sanitize handholds multiple times a day. Sanitize entire surface periodically

How Big Were They?	Hard plastic with vinyl, Pipe, Coated cable	PURELL Surface Disinfectant Clorox Disinfecting Wipes Lysol Disinfecting Wipes	Sanitize Pieces thoroughly Sanitize pipe and cable	Multiple times each day, more often with higher visitation
Claw & Order	Poly- carbonate, Vinyl	PURELL Surface Disinfectant	Sanitize cases, tabletops, and attached tools using a soft cloth to wipe down and dry	Multiple times each day, more often with higher visitation
Cladogram Challenge	Hard plastic with vinyl	Remove	Remove	Remove
Spinning wheels	Hard plastic with vinyl	PURELL Surface Disinfectant Clorox Disinfecting Wipes Lysol Disinfecting Wipes	Sanitize each wheel surface, especially along edges where hands touch	Multiple times each day, more often with higher visitation
Dig Pit	Rubber, Hard Plastic, painted wood	Remove access	Close the lid to remove access	Remove access
Donation Station	Metal, glass	PURELL Surface Disinfectant Clorox Disinfecting Wipes Lysol Disinfecting Wipes	Sanitize area around coin drop and coin return thoroughly. Sanitize glass surface and wipe dry with soft cloth.	Multiple times each day, more often with higher visitation
Dino Egg Nest	Vinyl covered foam	PURELL Surface Disinfectant Clorox Disinfecting Wipes Lysol Disinfecting Wipes	Sanitize all surfaces	Frequently
Tables	Laminated wood	PURELL Surface Disinfectant Clorox Disinfecting Wipes Lysol Disinfecting Wipes	Spray and wipe down and detail clean all surfaces.	Multiple times each day, more often with higher visitation
Chairs	Plastic	PURELL Surface Disinfectant Clorox Disinfecting Wipes Lysol Disinfecting Wipes	Spray and wipe down and detail clean all surfaces.	Multiple times each day, more often with higher visitation
Books	Paper	Remove	Remove	Remove
Puppet Theater	Textile	Remove	Remove	Remove
Stuffed Dinosaurs	Textile	Remove	Remove	Remove

****Table of material types and recommended sanitizing cleaners.** If using an alternate product found on the EPA’s list of products, please reference these guidelines for approved materials before use.

	Metal (pipe, mono-rail)	Vinyl (walls & hard graphics)	Glass (Donation)	Acrylic Mirror (push ups)	Hard Plastic (Feet)	Polycarbonate (Skull, bone cases)	Rubber (Safety Floor)	Wood Laminate	Stained Wood (Platform)	Polyester (netting)	Textile (Dress-up Clothes, Rope)
