

minotaur mazes

## COVID-19 Cleaning Recommendations

We know the health and safety of your guests, volunteers, and staff is your top priority. Sanitizing all surfaces, including the Minotaur Mazes traveling exhibit you are hosting, is critical to keeping everyone safe and healthy. With that in mind, we're sharing recommendations based on CDC and EPA guidelines, for effective sanitizing cleaners that are compatible with Minotaur Mazes exhibit materials.

In general, we recommend the following best practices:

- Add hand sanitizer stations at the Entrance/Exit of the Maze and in interactive rooms/areas as needed so guests can sanitize their hands before and after participating.
- Sanitize frequently touched surfaces multiple times throughout the day.
- Reduce the amount of touchables on the floor by dividing supplies into multiple batches. Rotate the batches during the day to sanitize frequently.
- Remove touchables that can't be sanitized regularly or effectively.
- Add extra signage throughout the building encouraging frequent hand washing and physical distancing.

The table below lists components, surface materials, and suggested cleaning protocol using EPA recommended sanitizing cleaners specific to the Water's Extreme Journey traveling exhibit.

Keep in mind when using recommended sanitizing cleaners

- Use for disinfecting surfaces only.
- Follow instructions on the product label for safe and effective use.
- Test a small area of the surface for compatibility before large-scale cleaning.
- Always use a clean, lint-free cloth, not paper products.
- These cleaners are much harsher on exhibit materials than is normally recommended. Please use these specific cleaners as a temporary measure until the subsidence of COVID-19.
- If in doubt on proper cleaning technique, follow CDC recommendations for cleaning different types of materials here: <https://www.cdc.gov/coronavirus/2019-ncov/community/disinfecting-building-facility.html>

| Component                   | Material | Approved Cleaners**  | Procedure   | Frequency    |
|-----------------------------|----------|--|---|--------------|
| <b>Walls &amp; Graphics</b> | Vinyl    | PURELL Surface Disinfectant<br>Clorox Disinfecting Wipes<br>Lysol Disinfecting Wipes | Sanitize each wall, especially everything below 6 feet  | Periodically |
| <b>Slotted Walls</b>        | Vinyl    | Remove   | Remove and add directional arrows to walls and/or floor | Remove       |

|                                 |   |  |  |  |
|---------------------------------|---|--|--|--|
| <b>Pipe</b>                     | Metal (Aluminum)                                | PURELL Surface Disinfectant<br>Clorox Disinfecting Wipes<br>Lysol Disinfecting Wipes | Sanitize high touch areas, at corners and near the entrance/exit   | Daily  |
| <b>How Much Water? boxes</b>    | Laminate over wood                              | PURELL Surface Disinfectant<br>Clorox Disinfecting Wipes<br>Lysol Disinfecting Wipes | Sanitize all surfaces of boxes thoroughly and wipe dry.  | Multiple times each day, more often with higher visitation |
| <b>Raindrop Puzzle</b>          | Plastic with vinyl                              | PURELL Surface Disinfectant<br>Clorox Disinfecting Wipes<br>Lysol Disinfecting Wipes | Sanitize each puzzle piece and puzzle mount thoroughly. Spray and wipe down the inside of the puzzle piece box.                              | Multiple times each day, more often with high visitation   |
| <b>Flip Doors</b>               | Plastic with vinyl                              | PURELL Surface Disinfectant<br>Clorox Disinfecting Wipes<br>Lysol Disinfecting Wipes | Sanitize each door thoroughly, and wipe down the answer panel under the door   | Multiple times each day, more often with high visitation   |
| <b>Spinning wheels</b>          | Hard plastic with vinyl                         | PURELL Surface Disinfectant<br>Clorox Disinfecting Wipes<br>Lysol Disinfecting Wipes | Sanitize each wheel surface, especially along edges where hands touch  | Multiple times each day, more often with high visitation   |
| <b>You're a Raindrop mirror</b> | Acrylic   | PURELL Surface Disinfectant<br>Clorox Disinfecting Wipes<br>Lysol Disinfecting Wipes | Sanitize the surface of mirror with a soft cloth and wipe dry.   | Daily  |
| <b>Monorail &amp; Crash Pad</b> | Metal, vinyl                                    | PURELL Surface Disinfectant<br>Clorox Disinfecting Wipes<br>Lysol Disinfecting Wipes | Sanitize the hand mount thoroughly and wipe dry. Sanitize the crash pad, as well as the pipe on either side of the entrance to the monorail. | Multiple times each day, more often with high visitation   |
| <b>Netting</b>                  | Textile (Polyester)                             | Lysol Disinfectant Spray   | Spray inside and outside of netting with sanitizer, especially everything below 6 feet   | Daily  |
| <b>Litter - Trash Bag lift</b>  | Plastic garbage bag, Metal (aluminum) hand rail | Remove   | Remove   | Remove   |
| <b>Wetlands Grass</b>           | Textile (poly-propylene rope)                   | Remove   | Remove   | Remove   |
| <b>Peek Holes</b>               | Vinyl   | PURELL Surface Disinfectant  | Sanitize the surface around the holes with disinfectant.   | Multiple times each day, more often with high              |

|                              |  |  |   |   |
|------------------------------|--|--|---|---|
|                              |  | Clorox Disinfecting Wipes<br>Lysol Disinfecting Wipes                                | If frequent cleaning isn't possible, cover the hole so visitors can't use it.   | visitation  |
| <b>Commitment Kiosk</b>      | Glass screen in plastic case                               | PURELL Surface Disinfectant<br>Clorox Disinfecting Wipes<br>Lysol Disinfecting Wipes | Wipe down surface with disinfectant using a soft cloth. Dry thoroughly.   | Multiple times each day, more often with high visitation                                  |
| <b>Enviroscape</b>           | Plastic  | PURELL Surface Disinfectant<br>Clorox Disinfecting Wipes<br>Lysol Disinfecting Wipes | Wipe down surface with disinfectant using a soft cloth. Dry thoroughly.   | Multiple times each day, more often with high visitation                                  |
| <b>Art in Action Station</b> | Laminate Tables, Metal post boxes, paper, pens and crayons | PURELL Surface Disinfectant<br>Clorox Disinfecting Wipes<br>Lysol Disinfecting Wipes | Sanitize the table top surface with a soft cloth and wipe dry. Divide art materials in multiple batches and replace batches regularly.                              | Multiple times each day, more often with high visitation. Rotate art materials regularly. |
| <b>Community Mural</b>       | Plastic tables, paper, crayons, Sintra, stretch cord       | PURELL Surface Disinfectant<br>Clorox Disinfecting Wipes<br>Lysol Disinfecting Wipes | Sanitize the table top surface with a soft cloth and wipe dry. Divide art materials in multiple batches and replace batches regularly. Sanitize mural card hangers. | Multiple times each day, more often with high visitation. Rotate art materials regularly. |

**\*\*Table of material types and recommended sanitizing cleaners.** If using an alternate product found on the EPA's list of products, please reference these guidelines for approved materials before use.

|   | Vinyl (Walls, Graphics) | Acrylic (Mirror) | Glass (TV, Touch Screen) | Laminate (Boxes, Puzzle Pieces) | Metal (Mono-rail) | Hard Plastic (Wheels) | Rubber (Safety Floor) | Wood (Platform) | Textile (Netting, Rope) |
